I want to state that KLOVE personally helps me in my veryday life. It is a station I can leave on all day and not worry about what my family hears about, it feeds me spiritually, and teaches my kids about their faith with song.If KLOVE were to be replaced it would be tragic for allt he people who rely on that support system everyday, and the thousands of people who discover the sation daily.This station brings light to a sometimes very dark world to people who may have never known a bright day. This station is invaluable to Arizona, as well as the rest of the country. DONT TAKE KLOVE AWAY FROM THE ONES WHO NEED IT THE MOST!!!!!
